Information about the service

Your JB Hi-Fi and The Good Guys BYO Mobile Plan is for a post-paid mobile phone service. It gives you access to the Telstra Mobile Network, a mobile phone number, lets you make and receive calls, send and receive messages, and access mobile data. Telstra will be switching off 3G in 2024. After switch off you will still be able to access the Telstra Mobile Network provided your handset is 4G voice enabled and 4G 700MHz compatible. Find out more: tel.st/goodbye3G

BYO handset

You can bring your own (BYO) Telstra Mobile Network compatible handset to take up a JB Hi-Fi and The Good Guys BYO Mobile Plan. Telstra will be switching off 3G in 2024. Before switch off, you can use handsets supporting 3G on 850MHz and 4G minimally on 700MHz and 1800MHz. See telstra.com/device for more information. After switch off you will still be able to access the Telstra Mobile Network provided your handset is 4G voice enabled and 4G 700MHz compatible. Find out more: tel.st/goodbye3G

Minimum Term

12 months

Monthly Calls

Your Monthly Calls are set out in the table above. Your Monthly Calls can be used in Australia for calls to standard Australian numbers, as well as most 11xx, 12xx, 13xx and 1800 numbers.

Monthly Data

All data expires at the end of the month and is not shareable. Data is for personal use in a smartphone only. Our FairPlay policy applies. Data is for use in Australia

No Excess Data Charges In Australia

Once you exceed your included data allowance, your speed will be capped at 1.5Mbps, and slowed further in busy periods. This means it is not suitable for HD video or high speed applications and means that some webpages, videos, social media content and files may take longer to load, but you can still stream video in standard definition, listen to music, browse the web and access social media, even if the experience is slower sometimes. Heavy data users (users in the top 1% of all data users) may experience slower speeds than other users during busy periods.

Free Telstra Air® Wi-Fi data

You can access free Wi-Fi data at Telstra Air hotspots in Australia and Fon Spots overseas. Download the Telstra Air app or visit telstra.com/air to activate Telstra Air.

What's not included

Your Monthly Calls and Monthly Data can't be used overseas. Your Monthly Calls do not include calls, SMS or MMS to international numbers, premium numbers (e.g. 19xx numbers) and some satellite numbers, 1234, 12 455 and 12 456 numbers or content charges. Charges for all calls, SMS and MMS not included in your Plan can be found at telstra.com/customer-terms. This plan is not compatible with Accessory Repayment Options.

Information about pricing

Refer to the Plan Cost table. If you use your mobile for things not included in your Plan or exceed your Monthly Data allowance, you'll have to pay more than the Minimum Monthly Charge set out in the Plan Cost table.

Other information

Understanding my bill

When you start or change your plan part way through a billing period, your first bill will have part month charges. Your Order Estimate will breakdown these charges for you and provide you with your ongoing monthly charges after your first bill.

Call and mobile data usage information

You will be sent SMS alerts in near real-time when you reach 50%, 85% and 100% of your Monthly Data Allowance. We will also send you an alert if Extra Data is added to your service. Find out how to check your usage at [telstra.com/myusage](https://www.telstra.com/myusage)

Using your service overseas

Unless you're re-contracting your existing service or have chosen to opt out, your Plan is automatically activated with International Roaming.

You have an International Day Pass activated, which for an additional \$10 per day lets you make and receive unlimited standard voice calls and SMS and includes 500MB data for use each day (AEST) when travelling in Eligible Roaming Countries. If you use more than your included data allowance on your International Day Pass, we'll automatically add extra data to your service in blocks of 1GB for \$10. For more information refer to the International Day Pass Critical Information Summary.

Calls/SMS/MMS will be charged at international roaming rates (refer to [telstra.com/overseas](https://www.telstra.com/overseas)) and mobile data at \$3 per MB (charged per KB or part) where you:

- use your mobile outside of Eligible Roaming Destinations
- choose to opt out of your International Day Pass.
